203.470.2639

*Education*    **BFA in Industrial Design** May '08  
Carnegie Mellon University, Pittsburgh, PA

*Experience*    **Assistant**, Zarganis Architectural Woodworking, Summer 2009-Present  
- Designed, engineered, and built custom furniture and architectural elements, incorporating re-used materials and green technologies. Projects included exhibition elements for the Carnegie Museum of Art, and cabinetry for a Leed Platinum Certified office building.

**Graphic Designer**, Carnegie Museum of Art, Fall 2009  
- Created reference graphics for an exhibition of the museum's decorative arts collection.

**Merchandise Intern**, Room & Board Furniture, Winter 2008/2009  
- Conducted marketing/trend research and concept development in a specially-created position in the merchandising department.

**Designer & Research Assistant**, CMU Robotics Institute, Summer 2007  
- Designed and prototyped interactive robot devices alongside a team of developers, designed curricula and conducted user-testing seminars.

**Interaction Designer**, Firefly Sensor Networks, Fall 2007  
- Sketched, developed, and prototyped interaction concepts for new RFID devices alongside a team of engineers.

*Recognition*    **Semi-Finalist**, CHI Student Design Competition 2008, April 2008  
- Conducted on-site research and designed a public space intended to assist homeless urban citizens. Defended the design to a panel of judges in Florence, Italy.

**Eagle Scout**, Boy Scouts of America, June 2004  
- Awarded the BSA's highest rank, after organizing and completing a 100 man-hour service project.

*Skills*    Adobe Creative Suite  
Woodworking/Model Building  
HTML, CSS  
SolidWorks 3D Modelling  
Investigative Research/Contextual Inquiry
